## PIRATES OF THE PROM

Arrgh me hearties! Legend has it that from 1809 – 1835, Pirate Jesse Lowe buried treasure at Five Mile Beach in the north of Wilsons Promontory and tattooed his arm with the location of the treasure!

As this map has been lost, we will look for our own treasures around the Tidal River campsite.

Below are a number of items for you to search for. Mark their location on the map once you have found each item, and remember to take only photos and leave only footprints!
